

## Smart Air SMART O2 IT90 Ventilation Purifier

Heat Recovery • Ventilator

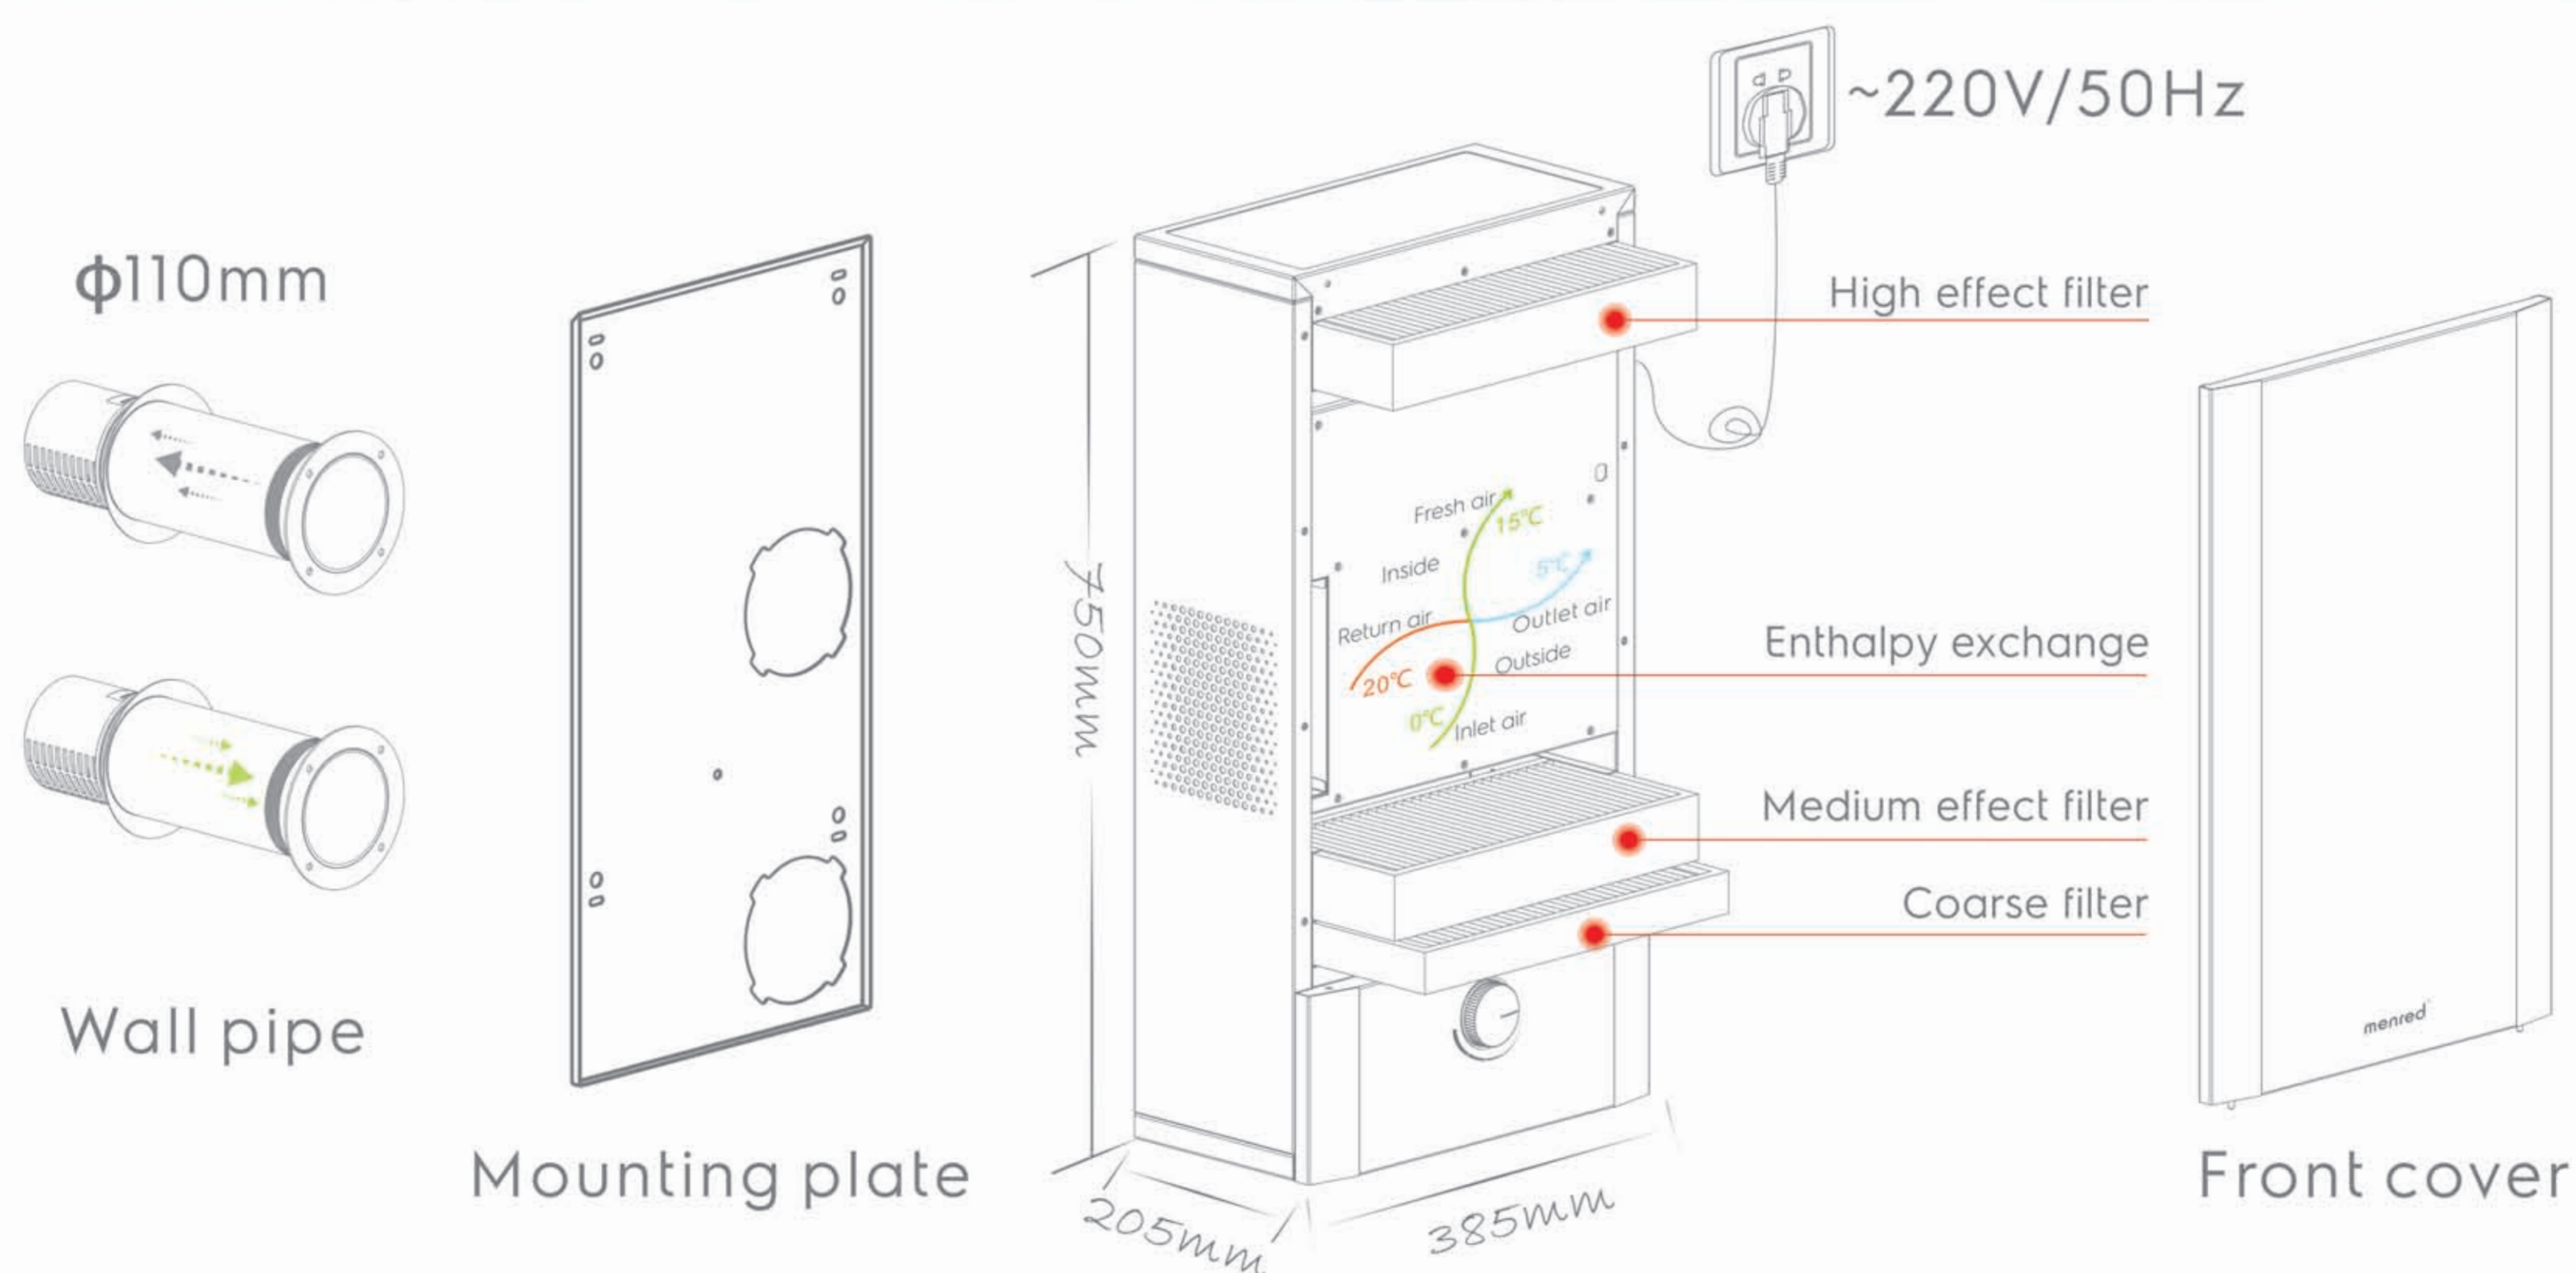

— Wall-Hung —

Application:

For a room within 50m<sup>2</sup> or with no more than 3 persons

Haze removal ability:

PM2.5 level is no more than 10µg/m<sup>3</sup> at the air outlet  
(When outside PM2.5 level is no more than 500µg/m<sup>3</sup>)

Triple PM2.5 filters

**ebmpapst** RadiCal centrifugal fan

Imported enthalpy exchange  
High efficiency and energy saving

Four air volumes 30/50/70/90m<sup>3</sup> adjustable

Low noise lever (Maximum 37dB(A))  
Low power consumption (Minimum 15w)

German **TRUMPF** sheet metal technology
