

Smart Air SMART O2 IT90 Ventilation Purifier

Heat Recovery • Ventilator

— Wall-Hung —

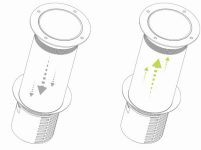

Application:

For a room within 50m² or with no more than 3 persons

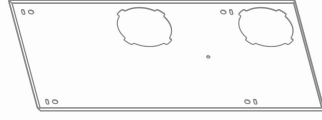

Haze removal ability:

PM2.5 level is no more than 10µg/m³ at the air outlet
(When outside PM2.5 level is no more than 500µg/m³)

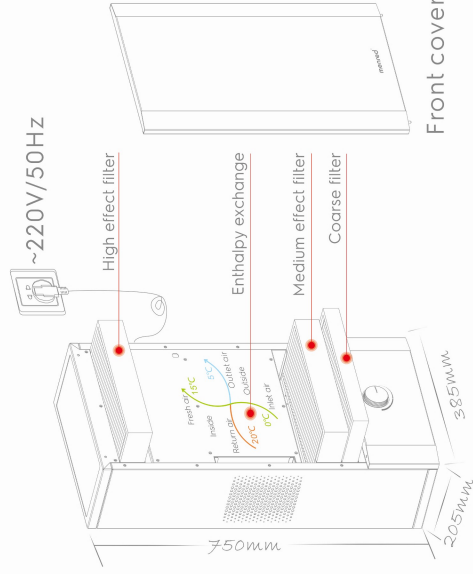

φ110mm

Wall pipe

Mounting plate

Front cover

Triple PM2.5 filters

ebmpapstRadiCal centrifugal fan

Imported enthalpy exchange
High efficiency and energy saving

Four air volumes 30/50/70/90m³ adjustable

Low noise level(Maximum 37dB(A))
Low power consumption(Minimum 15w)

German **TRUMPF** sheet metal technology
